3. Investment Schemes may only acquire transferable securities by participating in the company's share capital increases or through bond loans (as thoroughly described in respect of each Investment Scheme). The purchase of existing transferable securities, shares or bonds from their holders is prohibited. This does not prevent Investment Schemes from acquiring transferable securities or shares by exercising rights that are intended to secure their investment, where such rights have been stipulated under reasonable terms in the context of implementation of the investment, or by exercising options that seek to achieve a precise ratio of each investment in the overall capital structure of the enterprise in which the investment is made, based on a valuation of the enterprise that was carried out on the occasion of a subsequent transfer or issue of transferable securities or shares, through transfer of existing transferable securities or shares to the Investment Scheme either without consideration or against symbolic consideration.

TANEO reserves the right to modify the above limits based on the needs of the market in which each Investment Scheme is active, with a view to achieving a sufficient level of spread per Project, subject essentially to the terms of Agreements dated 20.12.2018 between TANEO and MNEC regarding the assignment to TANEO of the management of MNEC Resources deriving from the national section of the Public Investments Programme on the implementation of Projects, as those agreements are in force from time to time.

b) TANEO possesses sufficient evidence to prove that they have defaulted on their tax or social security obligations;

c) TANE0 knows or possesses sufficient evidence to prove that, within two (2) years from the date an Expression of Interest was submitted: aa) three (3) fine imposition acts have been issued against them by the competent auditing bodies of the Labour Inspectorate, for labour law violations that are characterised as “serious” or “extremely serious” under Ministerial Decision no. 2063 /D1632/2011 (GG B, 266), as in force from time to time, which were cumulatively established in the context of three (3) audits; or bb) two (2) fine imposition acts have been issued against them by the competent auditing bodies of the Labour Inspectorate, for labour law violations relating to non-declared employment, which were cumulatively established in the context of two (2) audits. The sanctions set out in sections (aa) and (bb) above must have become irrevocable and enforceable.

If an offeror is a Greek citizen or an entity established in Greece, its social security obligations include both primary and secondary insurance.

The provisions of sections (a), (b) and (c) above shall no longer apply if the offeror/economic operator concerned has fulfilled its obligations either by paying the relevant amount of taxes or social security contributions, including, as applicable, any amount of accrued interest or fines, or by entering into a binding payment arrangement.

3. Offerors shall also be excluded as per paragraphs (1) and (2) if the person against whom an irrevocable court judgement has been issued is a member of their administrative, management or supervisory body or empowered to represent, make decisions or control it. c) The members of the Board of Directors of cooperatives.

4. By exception, the grounds of exclusion prescribed in paragraphs (1) through (3) above shall not apply in any situations where exclusion is clearly disproportionate, especially if the defaulted tax or social security obligations are only minor or if the debtor became informed of the outstanding tax/social security payment at a time when he was unable to take any action prior to expiry of the deadline for submission of proposals.

5. An offeror who falls within the scope of paragraphs (1) and (2c) above may present evidence suggesting that they have taken proper action to prove their credibility, although the relevant ground of exclusion still stands. If the evidence adduced as above is considered to be adequate, the offeror shall not be excluded from the RfP procedure. For that purpose, offerors are liable to prove that they have restored or committed to restore any damage arising from their crime or misconduct; that they have thoroughly clarified the facts and circumstances of the act, by actively cooperating with the investigation authorities, and that they have taken specific

technical and organisational measures and staff-related measures to prevent any further criminal acts or misconduct. Any remedial actions taken by offeror shall be evaluated in conjunction with the severity and the particular circumstances of the criminal act or misconduct concerned. If such measures are found to be inadequate, the reasoning of the decision is notified to the offeror.

VI. TERMS OF Taneo PARTICIPATION

1. Taneo shall participate exclusively in Investment Schemes to be established specifically for that purpose, which should be managed by private sector bodies on private-economy terms.

2. Taneo shall always participate in Investment Schemes under the same terms as, and shall be treated equally with, all other investors. The agreement to be entered into between investors shall provide for at least the following:

(a) The setting up of an investment committee in each Investment Scheme, which will be fully independent of the investors. The implementation of any investment shall be subject to authorisation by the above committee.

(b) The setting up of an Advisory Committee in each investment scheme, which will hold office throughout the investment scheme's term, comprising Taneo and up to four of the biggest investors of each investment scheme. The powers and responsibilities of such committee shall be laid down in the agreements to be signed between Taneo and each investment scheme. As part of its powers and responsibilities, the Advisory Committee will be responsible, among others, for (i) monitoring the legitimacy of the investment committee's decisions, especially in those situations where an investment plan is infringing upon the terms of Taneo's request for submission of investment proposals or upon the terms of the agreement that governs the investment scheme; (ii) defining the valuation methodology to be applied; (iii) evaluating any conflicts of interest and exercising such other powers and duties as may be stipulated in the agreement.

(c) Taneo shall be entitled to be the last among the investors to pay the outstanding portion of its contribution.

(d) Taneo shall be entitled to assign periodical or extraordinary auditing of the Investment Scheme or individual placements to auditing firms.

(e) The Investment Scheme's Manager shall be liable to comply with the laws of the state that regulate the Investment Scheme's operations.

(f) The Management Agreement to be entered into with respect to each Investment Scheme shall essentially include clauses ensuring the following:

- Adequate spread of investments

- The performance of investments in Investment Targets exclusively as per the market terms.
- Preparation of a business plan that will include thorough information about the product's evolution, sales information and information about the Investment Target's performance and allowing for an *a priori* assessment of the plan's viability.
- Ensuring a clear and realistic divestment strategy.
- Mandatory payment of contributions in cash.
- Determination of minority rights and how they are to be exercised.
- Connection of the Manager's fee with the Investment Scheme's performance; clear definition of the Investment Scheme's objectives and of the proposed time schedule of the investment.
- Manager's obligation to comply with the Valuation and Reporting Guidelines of the European Private Equity and Venture Capital Association (Invest Europe).
- Obligation to inform the Investment Targets that the investment is made in the context of implementation of a particular Project.
- TANEО's right to be informed and to carry out controls through authorised proxies or other duly authorised auditing bodies.
- Information rights.
- Appointment of a Trustee, as per the applicable laws.

4. TANEО's investments in the Investment Schemes will be carried out on terms that are acceptable for an average economic operator in the context of market economy, so that neither the Investment Schemes nor the private investors participating in the investment with TANEО are afforded any benefits and so that the Investment Targets can draw no other advantages in this regard. The Investment Schemes in which TANEО will invest and the private investors of those Schemes shall not obtain any state aid, within the meaning of Article 107 of the Treaty of Lisbon amending the Treaty on European Union and the Treaty establishing the European Community (2007/C 306/01), in accordance with the Commission Guidelines on State aid to promote risk finance investments (2014/C19/04). Moreover, TANEО seeks to generate added value from its participation in the Investment Schemes. For this reason, the ratio between the management fee and the carried interest should be such as to clearly operate as an incentive for the Manager to ensure that the Investment Scheme achieves a high rate of return. Based on the above, TANEО will participate in Investment Schemes where:

(a) Investment decisions are made on the basis of financial criteria and Investment Targets accumulate capital on the basis of market terms;

(b) TANEО will acquire less than 70% of the capital/voting rights in the Investment Scheme (over 30% of the capital of each Investment Scheme will be formed by private equity) and will invest *pari passu* with the other investors (same risk, same yield, same terms of investment).

(c) The Manager's Fee will be also linked to the Investment Scheme's performance

5. Current legislation must be complied with as regards: (a) the prevention of money laundering and terrorism financing; (b) anti-corruption laws and (c) tax laws, with the level of professional care, effectiveness and transparency normally anticipated from a business organisation.

6. The obligations listed above do not howsoever entail TANEО's waiver from its right to negotiate each individual term to be included in the Management Agreement to be signed with any Investment Scheme it may decide to participate in, subject essentially to the terms of Agreements dated 20.12.2018 between TANEО and MNEC whereby TANEО was assigned the management of the MNEC resources deriving from the national section of the Public Investments Programme for the implementation of Projects, as those agreements are applicable from time to time.

VII. SELECTION CRITERIA

The criteria to be applied by TANEО in selecting the Investment Schemes it will participate in are (i) the reliability of investment proposals and of the interested parties and (ii) the level of contribution of the funded business activities to the growth and development of new economy sectors. These criteria can be further analysed as follows:

(a) **Manager and Management Team:** Reliability and experience of the Manager and its shareholders/ controlling parties. Composition of the management team; prior experience in the sector and field concerned; size of the team and combination of skills; ability to generate added value; commitment for the Investment Scheme's entire life cycle. In case the Manager of the proposed Investment Scheme manages any other similar investment vehicle at the time the proposal is submitted, there must be adequate assurances as to its ability to carry out a new additional activity.

(b) **Market:** Determination of the target market, market size and prospects for growth, prospects for growth of SMEs in the target market.

- (e) **Legal structure and Size of the Investment Scheme:** Accurate determination of the Investment Scheme's legal form and size. Size/anticipated investment opportunities ratio.
- (f) **Commercial criteria:** The Investment Scheme should operate on the basis of private economy criteria and should be expected to be economically viable. The Manager shall carry out operations in line with optimum market practices and with the business standards issued by Invest Europe, ILPA or any similar associations.
- (g) **Manager's fee: amount and terms of payment.** Amount of expenses and charges to be incurred in the implementation of business participations and proposed calculation methodology. Distinction between the Investment Scheme's operating costs and the Manager's Fee, which should be also linked to the Investment Scheme's general performance.
- (h) **Attracting other investors:** Participation of other investors, who will thoroughly cover the proposed private participation in the Investment Scheme.
- (i) **Conflict of Interest:** Measures and policies to align interests and mitigate potential conflicts of interest in risk allocation situations.
- (j) **Other Proposed terms:** As per international practice, all derogations being thoroughly explained.

VIII. MANAGER SELECTION PROCEDURE

The selection shall be made through a transparent and objective procedure, on the basis of the criteria laid down in Section VII (SELECTION CRITERIA) hereof. The selection procedure is as follows:

In case of discrepancy between the contents of the electronic file and the physical file, the contents of the former shall be deemed to have overriding effect. TANEO shall confirm receipt of the file by e-mail within three (3) days. It is noted that such confirmation may be deemed neither a declaration/acceptance as to the completeness of the file nor acceptance of the proposal by TANEO.

3. Once a proposal is submitted, TANEO will verify compliance with the formalities of this RfP and shall then carry out an initial assessment of the following: (a) whether there are any grounds of exclusion according to the terms of Section V (GROUNDS OF EXCLUSION) hereof; (b) whether the Expression of Interest includes all supporting documents and information listed in Annex 2 hereto; and (c) whether the proposal included in the Expression of Interest complies with the formalities laid down in Sections IV (DESCRIPTION AND GENERAL TERMS OF INVESTMENT BY INVESTMENT SCHEMES) and VI (TERMS OF TANEO PARTICIPATION).

4. TANEO shall then inform each offeror by e-mail, within thirty (30) days from the date their Expression of Interest was filed, whether their Expression of Interest meets the requirements of paragraph (3) above (in which case, the Expression of Interest qualifies for Phase Two, as described below) or not (in which case the offeror has a right to file objections as per the terms of Section IX (RIGHT TO OBJECT) hereof).

Phase II: Substantive Evaluation of Expressions of Interest

5. Every Expression of Interest that meets the requirements listed in paragraph (3) above [either after an initial evaluation as per paragraph (4) or after TANEO accepts the offeror's objections as per paragraph (2) of Section IX (RIGHT TO OBJECT) below], is then substantively evaluated by TANEO. TANEO may evaluate multiple Expressions of Interest at the same time and may request offerors to provide any additional information or clarifications necessary for such evaluation. As part of this process, offerors are requested to present to TANEO the proposal included in their Expression of Interest.

6. Following the above, TANEO carries out a thorough evaluation and review of the proposals. If the evaluation and review process is successful and the proposal is authorised by the competent audit/supervisory bodies in accordance with the terms of the Agreements dated 20.12.2018 entered into between TANEO and MNEC, then the offerors are requested to provide a detailed description of the terms of the Management Agreement, otherwise they are notified by e-mail that their proposal was rejected. The above requests to the offerors do not howsoever oblige TANEO to conclude a Management Agreement.

Phase III: Conclusion of a Management Agreement or final rejection of the Expression of Interest

7. The conclusion of a Management Agreement is conditional upon authorisation of its final draft by the competent TANE0 bodies. Once (and if) such authorisation is granted, TANE0 will invite the offerors concerned to sign a Management Agreement.

8. Without prejudice to paragraph (10) of this Section, TANE0 will notify by e-mail each offeror who was requested to present his proposal as per paragraph (5), within ninety (90) days from submission of their Expression of Interest, whether the conclusion of a Management Agreement has been authorised by the competent TANE0 bodies. A Management Agreement is then signed by care of the offeror within 30 days from such notification. In case a Management Agreement is not signed within the time period prescribed above, then, provided that the Expression of Interest concerned constitutes a Prior Expression of Interest, TANE0 may evaluate and accept a subsequent Expression of Interest by derogation from the rule of precedence established in paragraph (10), Section VIII (MANAGER SELECTION PROCEDURE) hereof.

Other terms of the procedure

9. TANE0 shall accept proposals for Investment Schemes for each Resource Category until the Resources available for each Resource Category are exhausted. In case any Resource Category is exhausted, TANE0 will make an announcement to that effect. In any case, the proposals will be reviewed and evaluated on the basis of objective business criteria and the terms of this RfP.

10. In case the Expressions of Interest filed in respect of a particular Resource Category altogether require more Resources than those available, the rule of precedence will be applied, based on the submission date of each Expression of Interest. In case an Expression of Interest (Prior Expression of Interest) is expected to lead to exhaustion of the resources available for a particular Resource Category, TANE0 may at any point of the procedure notify by email any offerors who filed subsequent Expressions of Interest for the same Resource Category, that the evaluation of the Subsequent Expression of Interest will be suspended until the evaluation of the Prior Expression of Interest is thoroughly completed.

11. TANE0 reserves the right to terminate any discussions with offerors as above and to cancel the investment in any Investment Scheme. Neither this RfP nor the procedure described above constitutes a proposal by TANE0 nor obliges TANE0 to accept the proposal or cover the expenses of any offeror(s). TANE0 shall only undertake a solid commitment towards an offeror once a Management Agreement is signed, subject to the terms of such Agreement.

IX. RIGHT TO OBJECT

1. If an offeror's proposal is rejected on grounds of non-compliance with the formalities laid down in this RfP, as laid down in paragraph (3) of Section VIII hereof (MANAGER

SELECTION PROCEDURE), the offeror concerned shall have a right to file objections by e-mail (vcfunds@hdbi.gr) within ten (10) days from receipt of a notice stating that his proposal was rejected by TANEО.

2. TANEО shall reply by e-mail within ten (10) days from receipt of the objections. If the objections are found to be valid, TANEО will proceed with Phase II of the review and evaluation process as per paragraph (5) of Section VIII (MANAGER SELECTION PROCEDURE).
3. It is noted that an offeror who is found to meet any grounds of exclusion as per Section V (GROUNDS OF EXCLUSION) hereof, shall be excluded at any phase of the procedure after an Expression of Interest was filed. If this is established following the completion of the procedure described in paragraph (3) of Section VIII (MANAGER SELECTION PROCEDURE), TANEО shall inform the offeror concerned by e-mail that his proposal was rejected and the procedure described in this Section IX (RIGHT TO OBJECT) shall apply.

X. DATA PROTECTION

1. In the context of the evaluation of proposals, as same is described herein, TANEО may process personal data of the offerors and management teams/investors or any other persons who are included in the Expressions of Interest, taking all necessary technical and organisational measures to protect the confidentiality and security of such processing.
2. For the purposes of this RfP, “personal data” is any information referring to individuals which is essentially required and requested in the context of this RfP and any related documentation, including any additional information which may be requested by TANEО at a later stage, any information which is legitimately collected by TANEО from publicly accessible sources and generally any information which is obtained from the offerors with their explicit consent (hereinafter: the “Data”).
3. Data processing shall be carried out for purpose of (i) implementing this RfP and evaluating the submitted proposals and the Investment Schemes included in the Expressions of Interest, in accordance with the terms of this RfP; (ii) ensuring compliance with TANEО's statutory obligations; (iii) attaining TANEО's statutory objectives and (iv) ensuring compliance with the applicable laws and the Agreements. TANEО may process Data principally on the basis of consent which will be granted by each offeror in accordance with the terms of this RfP for the conclusion and implementation of the Management Agreement. As regards any processing conducted on the basis of such consent, offerors may withdraw their consent in writing (by e-mail at info@hdbi.gr, to the attention of the Legal Department Director). Such withdrawal shall not howsoever impair the legitimacy of any processing that was conducted on the basis of such consent before it was withdrawn.

4. Data recipients will be TANE0, through its authorised representatives and its auditing and supervisory bodies (primarily the competent MED agencies), as well as the competent supervisory board to be set up for the purpose of monitoring the implementation of TANE0's investment strategy in the context of the Agreements dated 20.10.2018, and such other persons as may have legitimate access to, and authority to review, TANE0's records under any laws affording them such powers explicitly. TANE0 may assign specific data processing tasks to third parties (data processors). Such parties will be bound by confidentiality obligations, will follow TANE0's instructions and may under no circumstances act to their own personal benefit.
5. The Data shall be kept and stored by TANE0 throughout the investment period and the operation of the Investment Schemes as well as after their expiry/termination, for as long as may be necessary to ensure compliance with TANE0's obligations and with the regulatory procedures applicable under the law.
6. The supply of Data to TANE0 by each offeror is essentially required in order for TANE0 to be able to evaluate and authorise each proposal that is included in the Expressions of Interest and meet its statutory obligations. Therefore, an offeror's refusal to grant their consent or an offeror's withdrawal of their consent to Data processing is bound to render TANE0 unable to meet its statutory objectives and could cause the rejection of the Expression of Interest concerned or prevent the implementation of the proposal that is included in it.
7. Each offeror has a right to exercise all rights vested to them under the law (especially under Regulation 2016/679), in particular the right to be informed of the Data which are to undergo processing by TANE0, the right of access to and rectification or erasure of their personal data, the right to object and the right of restriction of processing, the right of data portability, i.e. the right to transfer their data to another controller or processor, subject to the terms and conditions applicable under the law. In case any of the above rights is exercised, TANE0 shall take all steps necessary to satisfy the relevant request within the applicable deadline (30 days, which may be extended by two months) and shall notify the data subject in writing as to whether their request has been satisfied, stating any reasons preventing the enforcement or satisfaction of their rights. The above rights are to be exercised by means of a written request addressed to TANE0 [tel. 2103387110/email info@hdbi.gr, Attn: Head of the Legal Department].

Each offeror reserves the right to file a complaint before the competent regulatory authority (Data Protection Authority) against TANE0 in relation to the processing of their Data.

For any further information offerors may address the New Economy Development Fund S.A. at the following contact details: Tel.: 210 338-7110 (e-mail:info@hdbi.gr).
